

W. CHRISTIAN BUSK

southwest florida

W. Christian Busk knows Florida. Reared in the Palm Beach area, he graduated from the University of Florida with degrees in both landscape architecture and horticulture. His background and education equipped him to understand not just the appropriate design but the proper plant and tree specimens as well—both the art and science of landscape design. With a firm based in Naples in southwest Florida, Busk has gained a strong reputation for his designs of tropical pools and gardens, both in Florida and in the Caribbean, and has received wide recognition for his work. The firm's expertise encompasses the design and installation of landscapes, custom pools, fountains, trellises and ornamental patios. Projects extend from private residences to resorts, residential communities, country clubs, shopping centers and office complexes. "We collaborate with architects and interior designers as a design team, tailoring projects to client needs," says Busk. The firm's work has been featured in *Florida Architecture*, *Southern Living* and *Home & Garden* magazines and has earned state awards from the American Society of Landscape Architects and the Florida Nurserymen & Growers Association, as well as various local and international awards.

BACKYARD BLISS

A sextet of custom stone planting urns carved from Jerusalem limestone and lushly colorful flower beds bring charm and whimsy to the pool area and rear garden of this stately Florida residence.
